

746 Waterloo Street
London, ON N6A 3W3

Greetings,

It is with great pleasure that we announce our upcoming acquisition of Blue Cross Animal Hospital.

We understand how big of a decision it is to trust a veterinarian with your furry family member. Our team does not take this responsibility lightly and we are honoured to assist with this next chapter of your little one's care.

Our mission is to provide a comfortable and convenient experience for all our visitors. We currently bring this philosophy to life through our work at our two Neighbourhood Pet Clinic locations here in London. We hope that this acquisition will provide you with a network of care, giving you more local resources to help your furry family member live a longer, healthier, happier life.

About Us: Dr. Alec Martin & Brent Barr

Dr. Alec has been practicing medicine for 34 years. He uses this expertise as our Medical Director, driving innovation and constantly improving our standards of care. As our Business Director, Brent uses his experience to ensure that our team and human visitors are as well-cared for as our furry visitors! Brent and Alec have been in business together for thirteen years, serving the community of London, ON and striving to make each veterinary visit better than the last.

About Your Neighbours

Neighbourhood Pet Clinic's two locations and mobile unit are designed with your furry family member's comfort in mind. As part of our "Neighbourhood network", Blue Cross members will now enjoy Neighbourhood Pet Clinic perks, such as our pet shuttle and free product delivery. You'll also have access to an enhanced network of care if your furry family member requires more in-depth diagnostics (such as ultrasound) or last-minute urgent care, giving you more options, support, and choice when it comes to your furry family member's health.

Located in:
**Westmount
North London**

It is our goal to ensure that this transition goes as smoothly as possible, as our first priority is always the safety and well being of your little one. If at any point during this process you have feedback on how we may improve, please do not hesitate to reach out.

Sincerely,

Dr. Alec Martin, Medical Director
